

SPINAL DISC DECOMPRESSION

 KENTUCKY SPINE & HEADACHE CENTRE

chiropractic facility of John King, DC and Richard Peace, DC

LIMITED TIME OFFER:

There is now an effective, non-surgical treatment for herniated discs!

BENEFITS OF SPINEMED TREATMENT

- ★ Pre-determined treatment period
- ★ Highly successful for preventing spine surgery
- ★ Return to normal activities in only a few weeks
- ★ Corrects the underlying cause, not just symptoms
- ★ No surgery, injections, or drugs
- ★ No additional scar tissue

Take advantage of this special offer and discover the relief and healing available through this non-invasive, non-surgical, no-needles, no-scalpal treatment for herniated or bulging discs.

Schedule your no-obligation consultation with our doctors today!

*This limited time offer includes up to twenty (20) SpineMed Spinal Disc Decompression treatment sessions at KSHC. Only medically necessary treatment as determined by the chiropractors of KSHC will be provided. This therapy is adjunctive to chiropractic treatment. Ky law dictates that you have the right to rescind within 72 hours any obligation to pay for services rendered in addition to free or discounted services. Adjunctive services may be provided in addition to SDD. This offer does not guarantee a cure. Call for details.
